

## **ONE HUNDRED THINGS TO DO BEFORE I DIE**

One of the most interesting and fun exercises we can do is make a comprehensive list of experiences we would like to have before we die. This list serves as a wonderful way to keep track of the many ways in which you can conceive and achieve the dreams you have for yourself. Please complete this list, refer to it often, and check off the experiences as you knock them off!

To help you complete this list, I am including some prompts and questions before each set of ten goals. If you are having no trouble filling in your list, just skip them, but if you need help thinking outside the box, you might find these questions useful.

I have two options to consider if you'd like extra accountability to help you accomplish your goals. You can use this form to help you brainstorm your own list and then visit [www.your100things.com](http://www.your100things.com) to post them online, or you can fill out this form and email it to me. If you choose the latter, please fill out your name (or nickname) at the top of the list (the way you would like it to appear on the Positive Goals Gallery at <http://www.carolinemiller.com/positive%20goals/>). Don't forget to email your list (attached as a Word document) to [caroline@carolinemiller.com](mailto:caroline@carolinemiller.com). We will post your completed or partial list (as few as five goals) as soon as we have it, and will put a checkmark next to your completed items online as you knock them off. Please remember to check your list and get back to us on a regular basis, and we will keep your list up for you as long as you'd like this type of public accountability!
